Guidelines for Internship Documentation and Submission

Students who have completed their **Internship (Offline / Online / Hybrid Mode)** are required to prepare and submit an **Internship Documentation File** along with a **presentation of the work completed during the internship**.

The documentation must be submitted in **two formats**:

1. **Hard Copy (Printed File)**
2. **Soft Copy (PDF format)**

First Page (Hard Copy Only)

The **first page of the hard copy file** must contain the following details:

- **College Logo**
- **Name of the College**
- **Title: Internship Documentation**
- **Student Name and Enrollment Number**
- **Program Name (B.C.A.)**
- **Name of Internship Organization / Company**
- **Internship Duration**
- **Name of Internship Coordinator (with Signature)**
- **Principal's Signature**

Note: The **Coordinator and Principal signatures are required only in the hard copy.**

Chronology of Documents in the File

Students must arrange the documents in the **following order** in both **hard copy and soft copy (PDF)**.

1. Cover Page

Contains all basic information of the student and internship.

2. Internship Offer Letter *(Optional)*

Letter or email from the organization offering the internship.

3. Internship Joining Letter

Confirmation of joining the internship from the organization.

4. Internship Progress Report

Students must include progress of work done during the internship. This may include:

- **Weekly Progress Report**, OR
- **Module/Task Completion Report**

The report should briefly mention:

- Tasks assigned
- Work completed
- Skills or tools used
- Learning outcomes

5. Internship Log Book

A **daily or weekly record** of work performed during the internship.
The log book should contain:

- Date
- Task performed
- Description of work
- Learning / remarks

6. Internship Completion Certificate

Certificate issued by the organization confirming successful completion of internship.

7. Performance Evaluation *(if provided)*

Evaluation or feedback given by the organization regarding student performance.

Soft Copy Submission

Students must also submit a **soft copy (PDF)** of the complete documentation.

Guidelines for Soft Copy:

- All documents must be **scanned clearly**
- Arrange documents in the **same order as the hard copy**
- File name format:

EnrollmentNumber_Name_InternshipReport.pdf

Example:
`BC12345_RahulPatel_InternshipReport.pdf`

Guidelines for Internship Presentation

Students must also prepare a **short presentation (5–10 minutes)** covering:

- Introduction of the organization
- Objective of the internship
- Work or modules completed
- Tools/technologies used
- Learning outcomes
- Conclusion and experience gained

Here is a **revised guideline** considering that **many internships may be online, remote, or task-based**, where students may **not work in a team or may not know detailed information about the organization**.

Students who have completed their **Internship (Offline / Online / Hybrid Mode)** are required to prepare a **PowerPoint Presentation** and present their internship work during the **Final Internship Examination**.

The purpose of the presentation is to **explain the work performed during the internship, tasks completed, and the knowledge and skills gained from the internship experience**.

The internship may be **online or remote**, therefore students should focus mainly on **their assigned tasks, work performed, and learning outcomes**.

Presentation Duration

- Each student will be given approximately **5–10 minutes** for presentation.
- Students should clearly explain **their own work and experience during the internship**.

Suggested Structure of Presentation

Students may prepare their presentation using the following structure.

1. Title Slide

Include the following details:

- Name of the College
- Title: **Internship Presentation**
- Student Name
- Enrollment Number
- Program (B.C.A.)
- Name of the Organization / Platform / Company
- Internship Mode (Online / Offline / Hybrid)
- Internship Duration

2. Brief Introduction of the Organization or Platform

Students may briefly mention:

- Name of the organization, company, or platform
- Type of work or services provided

Note: If the internship was **online or task-based**, students may provide only basic information available to them.

3. Objective of the Internship

Students should explain:

- Purpose of doing the internship
- Areas or skills intended to learn
- Type of work expected during the internship

4. Tasks or Work Assigned

Students must clearly explain:

- Tasks or modules assigned during the internship
- Activities performed during the internship
- Any project or assignment completed

Students should focus on **actual work they performed**.

5. Tools, Technologies, or Platforms Used

Students should mention:

- Programming languages (if any)
- Software tools used
- Development platforms or applications used during internship

Examples may include **Python, Web Development tools, Data Analysis tools, etc.**

6. Work Experience During Internship

Students should briefly explain:

- How the tasks were completed
- Any challenges faced during the internship
- How they managed or solved the problems

For online internships, students may explain **how they completed tasks independently or through online instructions**.

7. Learning Outcomes

Students should explain what they learned during the internship, such as:

- Technical knowledge gained
- Practical exposure to real tasks
- Improvement in problem-solving ability
- Professional learning or discipline

8. Conclusion

Students should briefly explain:

- Overall internship experience
- How the internship helped in improving their knowledge and skills

Presentation Guidelines

Students should follow these general instructions:

- Use **clear and simple slides**
- Avoid writing **long paragraphs**
- Prefer **bullet points**
- Include **examples, screenshots, or outputs of the work done (if available)**
- The presentation should contain **8–10 slides**
- Slides should look **simple and professional**

Important Instructions

- Students must **explain their own work clearly during the presentation**.
- The presentation should focus on **tasks completed and learning gained during the internship**.
- Students may be asked **questions related to their work or tasks performed during the internship**.

Internship Evaluation Scheme
(Panel Assessment)

Guidelines for Evaluation Panel

For **OFFLINE INTERNSHIP**, Panel should focus on:

- Whether the **student has actually completed the assigned tasks**
- Student's **ability to explain the work done**
- **Evidence of learning** from the internship
- **Quality and completeness of documentation**
- Student's **clarity while answering questions**

For **ONLINE INTERNSHIP**, the panel should focus more on:

- **Check their login credential and go through their online modules for verification.**
- **Tasks completed**
- **Understanding of the work**
- **Learning gained**

The **total evaluation will be out of 100 marks** and will be distributed among the following components.

Sr. No.	Evaluation Component	Marks (%)
1	**Internship Documentation File** (proper arrangement of documents, completeness, clarity of reports, log book)	**20%**
2	**Work Done During Internship** (tasks performed, project/module completed, evidence of work)	**25%**
3	**Internship Presentation** (clarity of slides, structure of presentation, explanation of work)	**20%**
4	**Understanding of Work / Technical Knowledge** (ability to explain tasks performed, concepts used, tools/technologies)	**15%**
5	**Communication and Confidence during Viva** (clarity of communication, confidence, response to questions)	**20%**

Total = 100%
